

Camille Fourmaintraux

Application for an Internship

Objective

As a third-year engineering student at Polytech Grenoble, I am seeking an internship to prepare for my Master's Degree. Prior to this, I completed and graduated with a *BUT Informatique* (Bachelor in Computer Science), a professionally oriented program that has provided me with technical skills directly applicable in a company environment. I have also completed two internships for a total duration of six months, giving me experience working in teams on real-world projects. Your company would be the perfect opportunity to learn new skills and work with technologies that I am passionate about.

Education

- **2025**
 - Graduated with a *BUT Informatique* (Bachelor in Computer Science)
 - TOEIC Certification (C1:Advanced Level)
- **2024**
 - One-month language study program in London
- **2022**
 - French Baccalauréat (General, with Honors) – Lycée Pierre d'Ailly, Compiègne
 - Driver's License (Category B)

Projects

1. **Appointment Booking Website**
 - Developed a web application using Spring and Spring Security
 - Pair work
2. **Game Development using Agile SCRUM Methodology**
 - Developed a console-based game in Java
 - Role: Scrum Master (project coordination using SCRUM)
 - Five person team
3. **CodeSwipe Web Application**
 - Developed both the back-end (REST API) and front-end (React)
 - Role: Scrum Master (project coordination using SCRUM)
 - Implemented JWT authentication with Spring Security
 - Seven person team
4. **Multiplayer Video Game in JavaScript**
 - Developed the entire game: engine, server, and graphics
 - Pair work
5. **Digital Portfolio (individual project)**
 - Developed in React, using Prettier, Vite, and pure CSS
